TO WHOM IT MAY CONCERN

Queensland Hydraulics Pty Ltd has been engaging the services of No Wet Car Wash for the past year. Ray and his team detail the inside and the outside of our fleet of three to six vehicles every six to eight weeks. Their friendly approach and work ethics are more than impressive.

We are always amazed at the quality of work and end result of our vehicles. The Queensland Hydraulics fleet of vehicles travel throughout the country to dam sites and weirs and show the wear of outback Australia. On their return we always have them detailed by No Wet Car Wash. Not only does the product clean the vehicles it also appears to protect them from the harsh elements.

We would recommend No Wet Car Wash to any person of firm wishing to keep their vehicles in great condition.

Regards,

M.L. Donnelly
