No – Wet SA

22 September 2004

Re: No – Wet SA

We here at Rosso Sport Auto, the Gauteng Agents for Ferrari and Maserati, will only allow the No-Wet product to be used on our cars. We are very happy with the No-Wet product and have only experienced positives from the use. We have been using No-Wet for a number of years and will continue to do so into the foreseeable future.

Kind regards,

For Rosso Sport Auto
Mr Ivo Segal
